Good afternoon, Mr. Wilson.

As you can see from page 55 (page 54 in the internal pagination), LAPD SLO Ana Maria Mejia once upon a time testified under oath that the City Attorney's Office on at least one occasion has named a specific private security company to be hired by a business owner as part of a nuisance mitigation strategy they were recommending as a way for the owner to prevent a nuisance abatement suit.

I am asking, therefore, for all records from 2016 through the present relating to this practice. In particular, maybe there's a list of recommendable private security companies? Maybe there are contracts or MOUs or evaluations of the companies past work? Maybe there are email or other communications between CA staffers and this or other similarly situated companies? Possibly there's a bunch of stuff I can't even conceive of since I don't have access.

That's it. That's the request.

Thanks, Mr. Wilson!
